Compare/Contrast Chart

Comparison/Contrast are used to show similarities and differences. In this instance we will be using this comparison framework to compare two characters from the novel.

Consider the following questions: What criteria are being compared? How are they similar? How are they different?

Choose any two characters from the novel. Compare four attributes (physical features or personality traits) of these characters (either similarities or differences).

| Attributes	Character 1	Character 2

Sequence Chart

Choose what you consider to be the six most important events of *The Higher Power of Lucky*. In each of the six boxes below list the six events that you have chosen, describing what happened and telling why you consider this to be important to the plot.

Cluster/Word Web

Choose a topic arising from the novel (i.e. Mojave Desert, black widow spiders, red racer snake). Write details about your topic in the circles. (You may need to research the topic in your school library or the internet.)
