Paragraph Revision

The Whale Song

Whales can communicate with one another through sounds they make called “songs”. Male Humpback Whales use their “songs” to communicate to the females during mating season. Sperm Whales use clicking sounds to coordinate movement within their group. Whales can communicate using sounds under the water for many different reasons, such as communication with each other, mating habits, and movement. Whales rely on sound under the water because their other senses are limited.

Revision

Whales rely on sound under water because their other senses are limited under the water.

Which statements are True and which statements are False?

WELL DONE!

-  TRUE / **FALSE** **A)** Style is **NOT** very important when you are writing a paragraph or an essay.
-  **TRUE** / FALSE **B)** Using a variety of sentence beginnings is a part of your writing style.
-  **TRUE** / FALSE **C)** Each paragraph must have a purpose.
-  TRUE / **FALSE** **D)** Rubric is **NOT** another name for a scoring guide.
