Ways to Write a Well-Developed Essay

1. Use examples and illustrations.
2. Use anecdotes (short stories related to the topic).
3. Use what people say.
4. Define words.
5. Describe the topic.
6. Look at causes and effects.
7. Compare and contrast.
8. Tell the order in which events happened.

When you begin prewriting activities for a narrative essay, be sure that it has a **unified** purpose or that the essay is about only one main topic. All the sentences in all of the paragraphs must relate to that one purpose or topic. Always try to keep this in mind as you brainstorm, outline, or list
