

Number & Operations Memory Match Game

Instructions

Close X

Four (4) matching pairs of number and operation questions are hidden in the card game.

- Solve the hidden number and operations questions by matching the question with its answer.
- Touch the card to reveal a different question or answer, then find its matching question or answer.
- Categories include: counting objects, addition, number lines, and base-ten.
- Use the Reset button to start with all the cards hidden.
- Use the Mix button to shuffle the cards around.
