

The hundreds chart is a helpful tool when learning to count. We already know that the hundreds chart is organized in rows of 10s. Touch the numbers 10, 20, 30, 40, and 50 in the partial hundreds chart below.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

ES

Part of a hundreds chart is shown on the right. Some of the numbers are missing. Which number belongs in the highlighted box?
