

Solve the following equations using the provided value as the variable.

$$x = 2$$

$$C = 3 + x$$

$$C = \boxed{5}$$

1/10

1 2 3 4 5 6 7 8 9 0

Reset

Solve the following equations using the provided value as the variable.

$$x = 3$$

$$C = x - 2$$

$$C = \square$$

  
5/10
