

**What is the name of the ocean on the West coast of the United States and Canada?**

- A) Atlantic Ocean
- B) Indian Ocean
- C) Gulf of Mexico
- D) Pacific Ocean

**WELL DONE!**

Reset

There are many different types of maps, which give us information about our country. **Political maps** show towns, cities, counties, states and provinces and international boundaries. **Topographic maps** show natural things such as rivers and elevation. Topographic maps tend to be more detailed than political maps.

**What type of maps show towns, cities, counties, states and provinces and international boundaries?**

- A) Isoline
- B) Choropleth
- C) Topographic
- D) Political

**WELL DONE!**

**Open Discussion:**

What is the difference between a political, topographic, and choropleth map?
