

ES

### **Explore Online:**

Type in your hometown in the search field. Click on “View” in the top navigation bar and scroll down to “Scale Legend.” Measure the length of the line. What is it? Try zooming in and out. What happens to the scale?

### **Explore Offline:**

Choose your continent to enlarge it. Look at the provided scale. Use your finger or mouse to draw routes on the map. Compare this to the scale. Zoom in and out to change the map. What happens to the scale?
