Before You Read

Global Warming: Reduction Industry

1 2

Which statements are True
which statements are False

We include 2-3 screen pages, giving the teacher an opportunity to understand what the students know about the topic before he or she teaches the lesson.

DONE!

- ✓ TRUE / FALSE **A)** It is possible for factories to use alternative fuels to run vehicles and provide electricity for buildings.
- ✓ TRUE / FALSE **B)** Reducing the energy used to power factories also reduces greenhouse gas emissions.
- ✓ TRUE / FALSE **C)** It takes less energy to manufacture the packaging that the products are wrapped in.

Reading Passage

Circulatory System - Heart

PULL

Your heart is only the size of a fist, but it is one of the strongest muscles in your body. That's a good thing because it has a very important job. The heart **pumps** blood through your whole body every moment you are alive.

Reading Passage:

The core curriculum content within the reading passage is available on screen as well as in a printable PDF format. We include a "STOP" queue early on in the reading passage to give the teacher an opportunity to ensure that the students are comprehending the content before continuing. Always remember to touch all images to reveal embedded video, audio, or a larger static image.

Grade 5-7 Content

What is the main job of the heart?

(press here for answer)

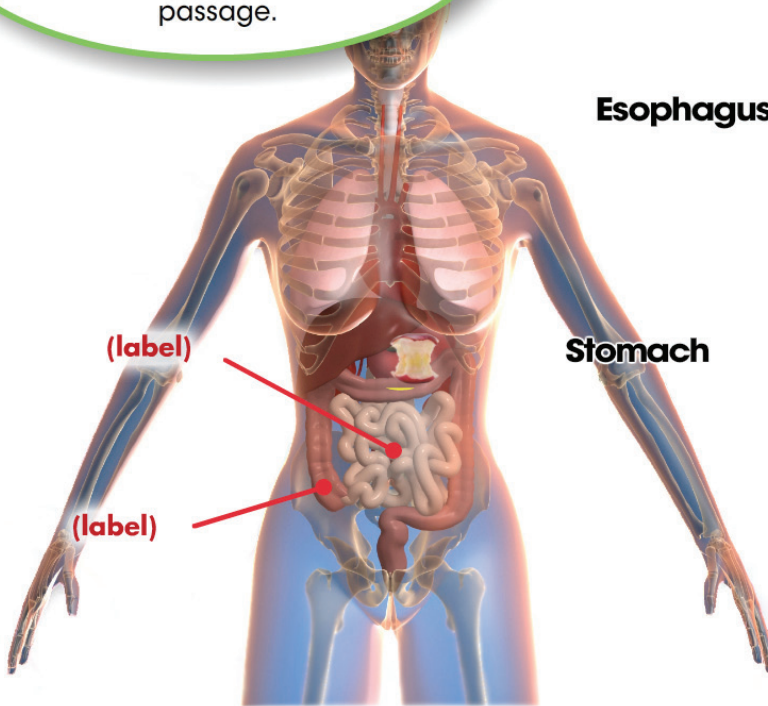

continue reading 

Food Digestion Cycle

Interactive Activities:

We include "Engaging Apps" to support the comprehension of the content in the reading passage.

Esophagus

Stomach

Graphic Organizers

Using Graphic Organizers:

All Language Arts titles include numerous Graphic Organizers specifically tailored to the chapter topic.

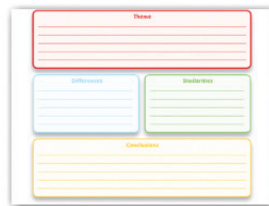

Graphic organizers show the make-up of concepts as well as the relationships between concepts. They help you separate more important information from the less important. They also give you more **strategies** or tools for learning. Graphic organizers help you to pinpoint the **theme** of a story by asking you to identify the main theme and the parts of the story which relate to it.

After You Read:

After the Reading Passages, we include 4-5 screen pages to assess if the students have fully learned the concepts and curriculum expectations. These activities are delivered in multiple formats, including:

- True of False
- Drag and Drop
- Fill in the Blank
- Sequencing
- Multiple Choice
- Open Discussion

Which statements are TRUE?
Which statements are FALSE?

- ✓ **TRUE / FALSE** A) Air resistance is a force that acts at a distance.
- ✓ **TRUE / FALSE** B) Gravity is a force that acts at a distance.
- ✓ **TRUE / FALSE** C) When you push on a wall, the wall pushes back.
- ✓ **TRUE / FALSE** D) Friction makes things move faster.
- TRUE / FALSE** E) Gravity is the force of attraction between one bit of matter and another bit of matter.
