

Teacher Guide

Our resource has been created for ease of use by both **TEACHERS** and **STUDENTS** alike.

Introduction

booklet. This method promotes the idea that it is beneficial to learn through practical, applicable, real-world examples. Many of the drill sheets are organized around

a central problem taken from real-life experiences of the students. The pages of this booklet contain a variety in terms of levels of difficulty and content so as to provide students with a variety of different opportunities. Included are questions involving place value, fractions, percent, decimals, multiplication and division. Visual models are included to assivisual learners. Teachers may also choose to use matter manipulatives along with the exercises included in the book to help address the needs of kinesthetic learn

Contained in this booklet are latered Dr. She and 6 Warm-Up Drill Sheets, for during real-life term lying opportunities, and 3 review theets forward 3-5. Also, there are 3 overheads and 6 additional works eet which can be accessed on the publisher's website.

How Is Our Resource Organized?

STUDENT HANDOUTS

Reproducible **drill sheets** make up the majority of our resource.

The **drill sheets** contain challenging problem-solving tasks in drill form, many centered around 'real-world' ideas or problems, which push the boundaries of critical thought and demonstrate to students why mathematics is important and applicable in the real world. It is not expected that all activities will be used, but are offered for variety and flexibility in teaching and assessment. Many of the drill sheet problems offer space for reflection, and opportunity for the appropriate use of technology, as encouraged by the NCTM's *Principles & Standards for School Mathematics*.

The **drill sheets** workbook can be used in correlation with the separate **task sheets** workbook that matches with this particular grade and subject.

The **NCTM Content Standards Assessment Rubric** (*page 4*) is a useful tool for evaluating students' work in many of the activities in our resource. The **Reviews** (*pages 24-26*) are divided by grade and can be used for a follow-up review or assessment at the completion of the unit.

PICTURE CUES

Our resource contains three main types of pages, each with a different purpose and use. A **Picture Cue** at the top of each page shows, at a glance, what the tage is for.

Teacher Guide

ude Handout

Reprod drill sheets

Easy MarkingTM Answer Key

* Answers for student activities

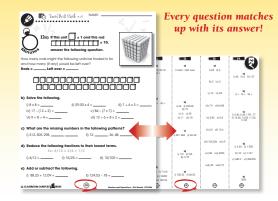

Timed Drill Stopwatch

* Write the amount of time for students to complete the timed drill sheet in the stopwatch. Recommended times are given on the contents page.

EASY MARKINGTM ANSWER KEY

Marking students' worksheets is fast and easy with our **Answer Key**. Answers are listed in columns – just line up the column with its corresponding worksheet, as shown, and see how every question matches up with its answer!

15a) Write greater than (>), less than (<), or equal to (=) in the box.

- i) 46 | 37
- ii) 102 | 124
- iii) 7005 | 5007 iv) 3112 | 3211
- v) 701.2 1 710.3 vi) 976.0 976.00

10, 20, 30, 40, 50,

42, 40, 38, 36,

1301 = 1000 + 300 + 1

b) Write the following numbers.

numb in order from least to greatest: c) Write the follow

d) Write the following numbers in order from greatest to least:

e) Write the <u>expanded form</u> for each of the following.

NAME: _____

Review C

a) Write 36582 using words:

b) What is an equivalent fraction of the following.

i) 3/12 ____

ii) 7/21 _____

iii) 10/100 _____

c) Use >, <, or = to compare the pairs of decimals below.

i) 0.73 0.073

ii) 42.61 42.161

iii) 01 21 10.20

d) What is the place value of the underlined digits?

i) 7921.7<u>8</u>0

i) 39 054 ____

e) Solve the foll wing.

i)
$$14 + 3(5 - 3)^2 =$$

ii)
$$(5 + 12 + 7 - 12) \div 6 =$$

f) Write the <u>expanded form</u> for each of the following numbers.

i) 8529 = _____

ii) 42905 = ____

g) Find the value of each percent.

i) 25% of 40 _____

ii) 75% of 120

				~ <)\			
Review C	a) thirty-six thousand five hundred eighty-two	Ans as ay vary. 10, 74 10, 10	> (c) (ii)	d) i) hundrecents ii) thousands	e) 1) 26 ii) 2	f) i) 8000 + 500 + 20 + 9 ii) 40000 + 2000 + 900 + 5	9) 0) (ii) (i	(E)
