Make a Doctor's Appointment

Get into groups of 3 or 4. One person will play the receptionist at a doctor's office. One will play someone making an appointment. The other people will watch and take notes.

Work together. Come up with questions the receptionist would ask. Taking turns, each person will "phone in" to make an appointment to see the doctor.

Try to have each person come up with different answers to the questions. See how the questions will change with the answers.

The other people in the group will take notes. At the end, go through the notes. Discuss what questions and answers worked, and what didn't.

After each person has had a turn in each role, go over all the notes. Make a chart to compare the different answers. See how they changed the list of questions. Were there any questions you should have asked but didn't?

Then, come together as a class or a larger group. Make a master list of questions based on everything you've collected.
