

Manuscript Writing

with Readiness Strokes

This activity workbook is designed to give students practice in the formation of the letters of the manuscript alphabet. Each letter is introduced with an accompanying picture. The proper formation of each letter is shown with numbered pen strokes and dotted letters for the child to practice connecting the lines.

Additionally, there are several lines for practice. If a student is having difficulty with a particular letter formation, try to identify

at which stroke he or she is encountering difficulty. Practice these strokes individually before attempting to draw the actual letter.

Legible handwriting is an asset and more emphasis should be placed on the art of handwriting and its role in communication.

Good manuscript writing comes with practice. These pages offer a sequential program of development and practice with examples for guidance.
