Arrays

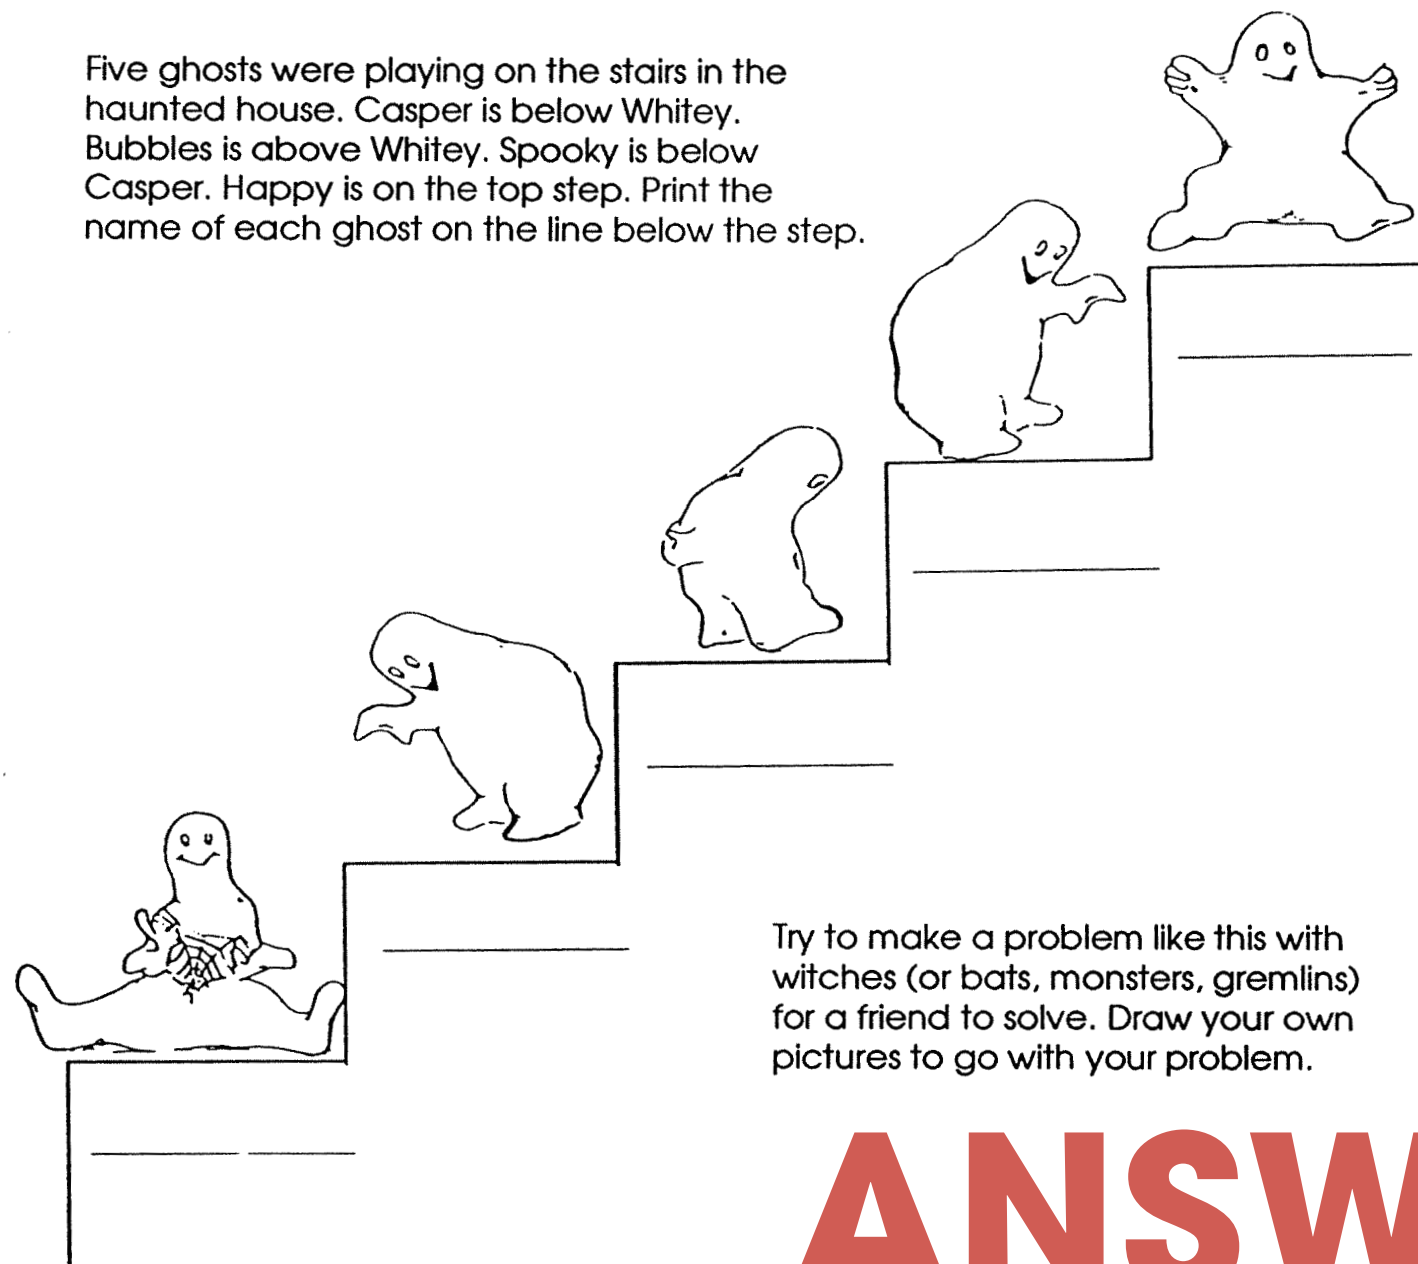

Groups of:
two
three
four
and
five
to assist
pupils
in early
multiplication
concepts.

Brain-teaser #2

BOO-
WHO?

Five ghosts were playing on the stairs in the haunted house. Casper is below Whitey. Bubbles is above Whitey. Spooky is below Casper. Happy is on the top step. Print the name of each ghost on the line below the step.

Try to make a problem like this with witches (or bats, monsters, gremlins) for a friend to solve. Draw your own pictures to go with your problem.

ANSWER KEY

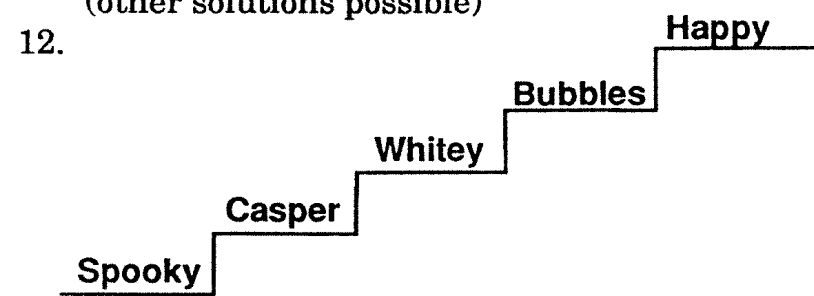

Hallowe'en Math

Answer Sheet

Page 35 Crack the Code: spiders use their webs to trap their food

Pages 37-43 Problem Solving Activities:

1. $5 + 4 + 3 = 12$
2. $7 + 2 + 6 = 15$
3. $15 - 6 = 9$
4. $29 - 14 = 15$
5. $6 \times 4 = 24$
6. $3 \times 7 = 21$
7. $21 \div 3 = 9$
8. $60 \div 12 = 5$
9. 18
10. Bat & Gremlins $11 + 10 = 21$
Witch & Goblin $12 + 9 = 21$
Ghost & Toads $7 + 14 = 21$
11. haunted house + broom + cauldron + jack-o'-lantern
 $10 + 5 + 9 + 1 = 25$
or haunted house + haunted house + witch + jack-o'-lantern
 $10 + 10 + 4 + 1 = 25$
(other solutions possible)
