The Big Pysanka

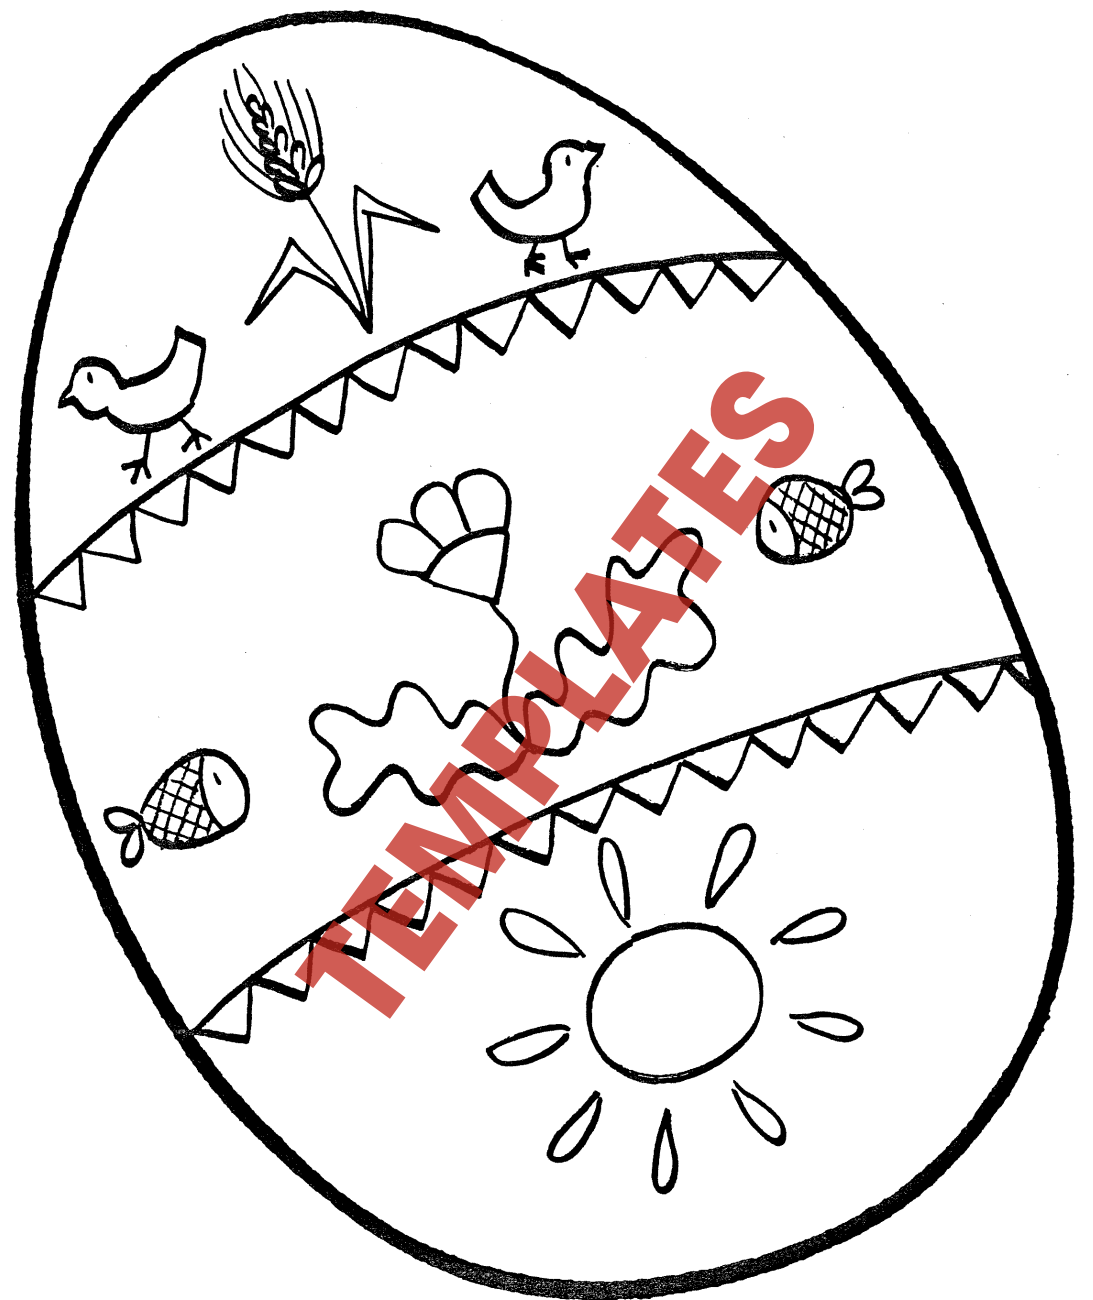

One day at Bunny School, Bunny heard the teacher say something about a big pysanka. Easter break was coming, so Bunny was thinking about the holiday instead of paying attention. He did hear that it was a pysanka so big and so beautiful that people travelled for miles to see it.

Bunny was curious. He decided to go and find the big pysanka. He would walk through the forest and let his twitchy little nose lead the way.

On the way, he saw Baby Bear.

"Do you know where to find the big pysanka?" he asked.

"I don't know WHAT it is," said Baby Bear, but I will help you find it.
