Using iPads in your Classroom?

What are our Apple Apps?

Same as our IWB Software, only for use on the iPad.

How do they Work?

They work the same as if on a whiteboard, only now more compact. Use your Finger to navigate through the screens. Use the onboard Keyboard to type instead of writing with a pen.

How to get them?

Go to the **Apple App Store** and search **Classroom Complete Press** to browse through our available titles.

Search **"CLASSROOM COMPLETE PRESS"** in the **APPLE APP STORE** for More Content:

- Free
- Single-User
- Other

Try the first Chapter **FREE**

\$199 US EACH DEVICE

- All Apple Apps Includes**

High Frequency Sight Words | iPad App

Students will identify 178 Dolch Sight Words using real life pictures as an aid. Interactive Graphic Organizers are included. **Grades PK-2**

Reading Comprehension | iPad App

Important concepts includes context clues, determining the main idea, and understanding inferences. Interactive Graphic Organizers are included. **Grades 3-8**

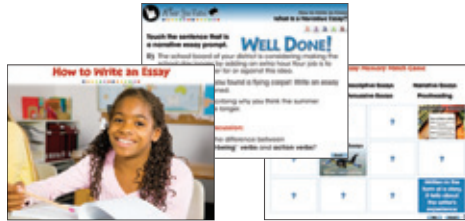

How to Write a Paragraph | iPad App

Students will learn how the topic, supporting, and summary sentences come together to form a paragraph. Interactive Graphic Organizers are included. **Grades 3-8**

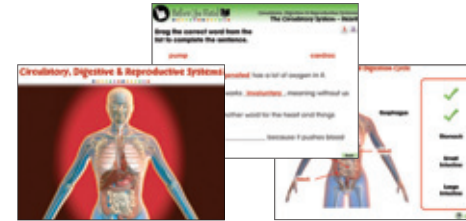

Simple Machines | iPad App

Explore Levers, Inclined Planes, Wedges, Screws, Pulleys, and Wheel & Axles. Find out how simple machines work together to create compound machines. **Grades 3-8**

How to Write an Essay | iPad App

Learn about the four most common types of essays: Descriptive, Narrative, Informative and Persuasive. Interactive Graphic Organizers are included. **Grades 3-8**

Circulatory, Digestive & Reproductive | iPad App

Finish up your journey through the human body by traveling through the vein, arteries, heart, stomach, kidneys, and intestines. **Grades 3-8**

Every question matches up with its answer

BONUS PAGES TO FREELY DOWNLOAD!
• 6 Additional Worksheets
• Overhead Transparencies

Each Book Contains:

TEACHER GUIDE
Information and tools for the teacher presented with clear instructions and colorful graphics. Including:

- Assessment Rubric
- Comprehension Quiz
- Word Searches
- Vocabulary Lists

STUDENT HANDOUTS
Chapter Activities. For each chapter there are BEFORE YOU READ activities and AFTER YOU READ activities.

Writing Tasks, Graphic Organizers and Hands-on Activities are included to further develop students' critical thinking and writing skills, and analysis of the text.

EASY MARKING™ ANSWER KEY
Marking students' worksheets is fast and easy with our **Answer Key**. Answers are listed in columns – just line up the column with its corresponding worksheet, as shown, and see how every question matches up with its answer!

OVERHEAD TRANSPARENCIES
Colorful overhead transparencies are included in every book. Each can also be downloaded to use on a SMART Board™ for teacher-led activities and/or photocopied for use as student worksheets.

30-USER: \$568 ⁵⁰ US/\$659 ⁷⁰ CDN	Big Box: 1138 ⁵⁰ US/1289 ⁷⁰ CDN

Give your students a kick start on learning with all the required fundamentals for learning **Force, Motion & Simple Machines**. We unravel the complexities of force, motion and work, with examples of simple machines in daily life. Discover what a force is, and different kinds of forces that work on contact and at a distance. Using simplified language and vocabulary, students will also learn about linear, accelerating, rotating and oscillating motion, and how these relate to everyday life – and even the solar system.

30-USER: \$568⁵⁰ US/\$659⁷⁰ CDN Big Box: 1138⁵⁰ US/1289⁷⁰ CDN

Enhance your middle school curriculum with our comprehensive resource that studies all **Human Body Systems**. Take your students through a fascinating study of the human body with clear, comprehensive and current information. We start off with an in-depth study of both the muscular and skeletal systems. Then, we investigate the organs of the five senses, along with the respiratory system! We also look inside the kidneys and intestines, and then how a tiny sperm and egg cell can grow into a baby.

Help students separate fact from fiction to make informed decisions about products and lifestyle choices that affect the Earth system with our **Climate Change Series**. We take a critical look from a scientific perspective on the changing climate and what it means for the future. We also look at rising sea levels and altered patterns of weather and agriculture which are cited as direct consequences of Global Warming. Finally we look at creative ways to reduce human consumption and output of waste, all in an effort to help clean up our planet.

The Korean War Remembered

CC5505

World Conflict Series

Help students gain a concrete understanding of the causes and outcomes of the Korean and Vietnam Wars as well as the events of the first and second Gulf Wars. We look at the background, causes, major battles, and key figures of the Korean and Vietnam Wars, and how they affected people back home. Following this, students will learn about the background of the region, the origins of the conflict, and the parties and key figures involved with the Persian Gulf War and the Iraq War. Using simplified language and vocabulary, and written in a way that is easier for students to understand, each resource is comprised of reading passages, student activities, crossword, word search, and overheads.

Weapons of the War

When American involvement in Vietnam began in 1954 it was in a form that was not the U.S. sent equipment and military advisors to Vietnam to help form the South Vietnamese Army (ARVN). While President Kennedy was in office there were around 16,000 military advisors and personnel sent to Vietnam.

World Conflict Series

The American Revolutionary War was one of the most important events in United States history, where Britain's thirteen colonies established in North America gained independence and became their own country. **The American Civil War was a watershed event**, causing years of war and terrible destruction, but also signaling the last time an individual state ever seceded, and more importantly, the end of slavery. **WWI and WWII were terrible, expensive and tragic wars that changed the course of history.** Find out the background and causes that led to these wars, and why each raged on for years. Major battles, methods and weapons of war, and final outcomes are all explored.

Before You Read NAME: _____

Nelson Mandela

Nelson Mandela was the first President of South Africa. He is most famous for being a political activist. He worked to end apartheid.

The South African government did not allow equal rights for all of their citizens. Apartheid began during the 1940s and lasted until the 1990s. He was arrested for his actions. He was put in jail for 27 years. He was released for his actions. He was awarded the Nobel Peace Prize.

What was Mandela arrested for the first time?

He was arrested a second time. This time, he was arrested for organizing an underground office against the government. He spent nearly seven years in prison for standing up for what he believed.

His story Africa's history

After getting out of prison, he worked to end apartheid in South Africa.

Mandela led the new government.

Berlin Wall

The Berlin Wall was a concrete and brick wall that divided Berlin, the city of Germany, into two parts during the Cold War.

It was built in 1961 and fell in 1989.

CC5761

World Governments Series

Compare all types of Governments as well as historical and present world electoral systems and reform. Get the scoop on twelve of the most interesting World Political Leaders from the past century along with their global impact of today. Learn how a Democratic Government operates and compare historical and present world electoral systems and reform. Find out the differences between the Presidential and Parliamentary system of running a country and why Dictatorship governments still exist. Using simplified language and vocabulary, we discover the power of Governments, proponents and critics of Capitalism as well as the frameworks of State and Democracy.

World Connections Series

Explore all that brings the world together with the impacts of Globalization. We use simplified language and vocabulary as we look at the debates and issues surrounding Culture, Society and Globalization, and how civil matters and lifestyle choices are affected. We explore the topics centered on immigration, outsourcing, nationalization and privatization, and the protection of intellectual property, by examining such themes as the history of currency and economic globalization, the Great Depression, international commercial law, multinational corporations, and foreign direct investment. Finally, become aware of the solutions and problems caused by technology and how it helps people function by discovering the process of Technology and Globalization.
