

How Is Our Resource Organized?

Our Interactive Whiteboard Digital Lessons contain 6 Chapters of engaging, easy-to-use activities that interact with students as they learn. Our Digital Lesson contains one section with six chapters. Within each chapter, there are Reading Passages, along with BEFORE YOU READ and AFTER YOU READ activities.

The BEFORE YOU READ activities prepare students for reading by setting a purpose for reading. They stimulate background knowledge and experience, and guide students to make connections between what they know and what they will learn. Important concepts and vocabulary from the reading passage are presented in a new interactive way that will engage students.

The AFTER YOU READ activities check students' comprehension of the concepts presented in the reading passage and extend their learning. Students are asked a series of short answer and open discussion questions designed to encourage critical thought.

The Reading Passages contain a vocabulary list in the form of flash cards, followed by the reading material for that section. Click on a word to flip the card over to reveal the definition. Each Reading Passage contains a WRITING WATCHDOG prompt, where students will come up to the board and read a helpful hint about the subject matter from the Writing Watchdog. An interactive Graphic Organizer reading passage is also included, where teachers and students can use the interactive pen to complete the G.O. An additional interactive activity is also available in the Reading Passages, encouraging students to come to the board and complete a task. Click on an image to enlarge it or reduce its size. Printable PDF files of the Reading Passages and Graphic Organizers are included for each Digital Lesson so that students have the option to read along at their desk.

The navigation is designed to make moving through the book simple and hassle-free. Each page contains a MENU and CONTENTS icon that will take you directly back to each page. You can start off at the Menu page and jump to either the PDF Printables, the Assessment Rubric, or go directly to the Student Activities. While at the Contents, you can click on any chapter and go directly to the Before You Read section

of that individual lesson. Navigate through the BEFORE YOU READ and AFTER YOU READ sections by clicking on the number of the page you want in the top right corner. Scroll down in the Reading Passage to reveal its content. Or simply navigate with the accompanied arrow icons to scroll through the lessons one page at a time.

The Assessment Rubric is a useful tool for evaluating students' responses to many of the activities in our resource. A Comprehension Quiz is available for SMART Notebook™ users and can be used for either a follow-up review or assessment at the completion of each unit.

For ease of navigation, at a glance, our resource contains three main sections, including a Teacher section, a Student section, and a Printable section. A Picture Cue at the top of each page identifies what section you are in.

Teacher Guide

- Information and tools for the teacher

Student Handouts

- Interactive worksheets and activities

Printables

- Printable PDF versions of selected content

Vocabulary Flash Cards

Revising To alter something written in order to make corrections or improve	Rubric
Ideas	Organization
Style A particular type with reference to form, appearance or character	

Reading Passages

The first steps in proofreading are to:

1. Read your paragraph aloud again.

Touch the mistakes in spelling, punctuation, and capitalization.

Before and After You Read Activities

A Day at the Beach

My family and I went to the beach last week. We stayed at a big hotel. It was very nice? The ocean was into outside your window. Katie and me swam and picked up shells all day. At nite we watched movies to his parents. I think the ocean and beach is the best places for a good holiday!
